

PANINI SCANSTATION WITH MULTIDEMO AND HID GLOBAL OMNIKEY WORKBENCH

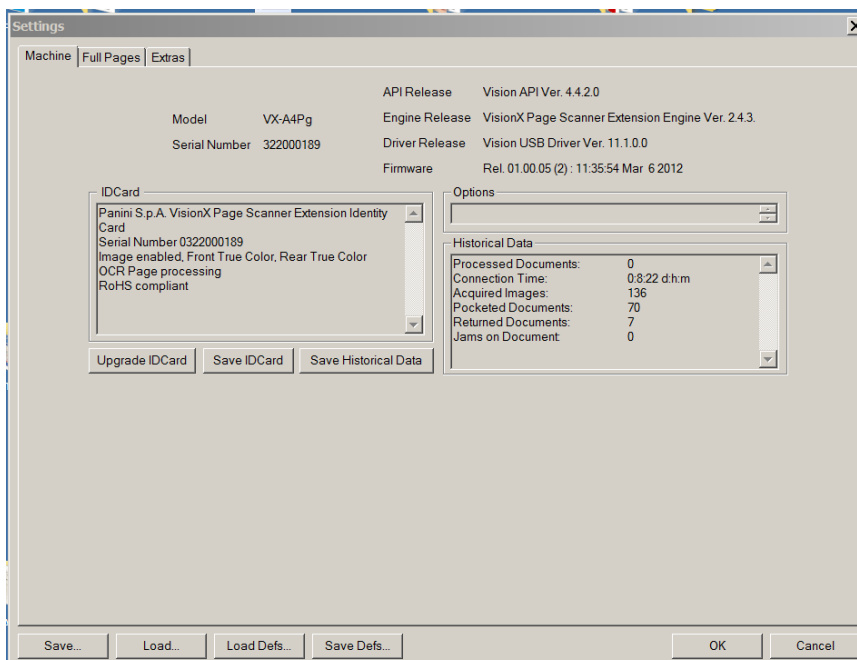

MultiDemo

Main page:

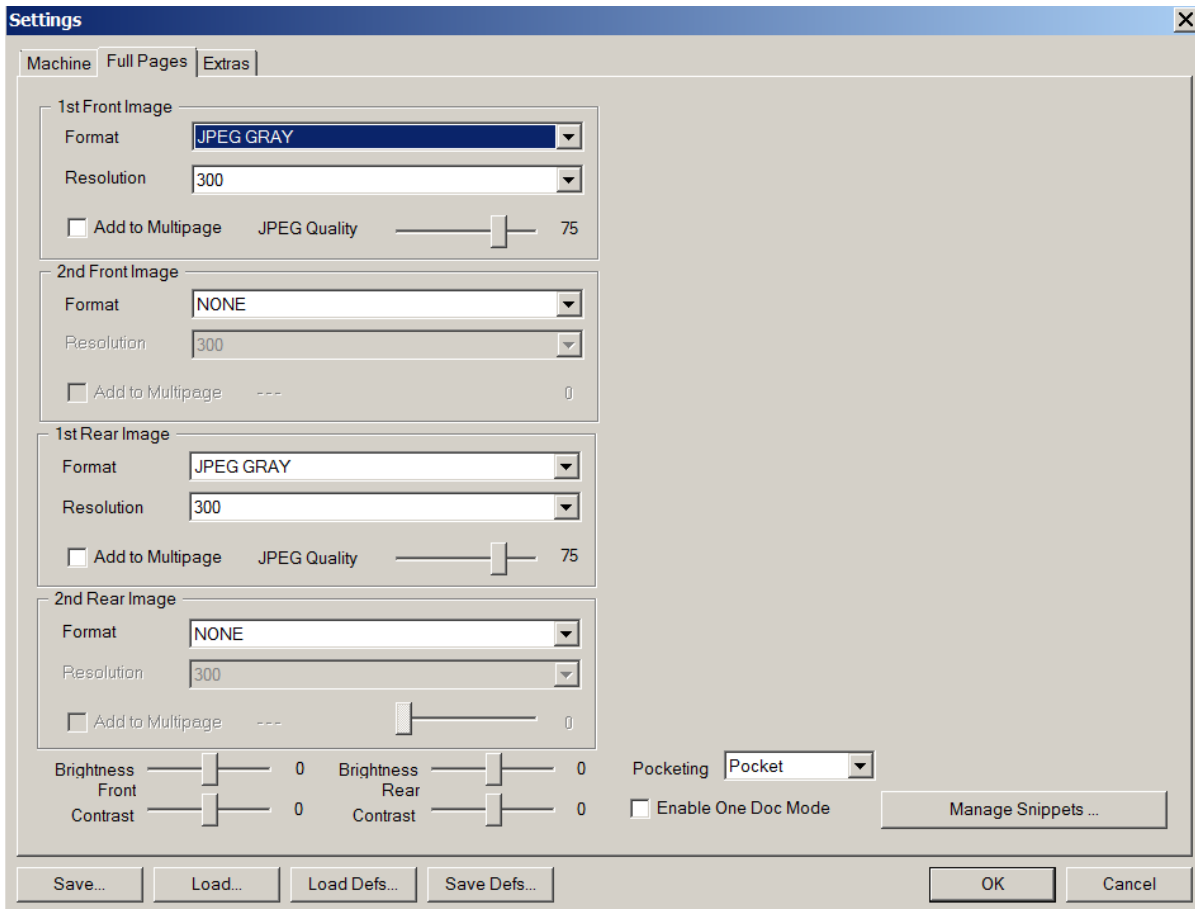

Menu Settings:

Menu Machine: device configuration and historical data

Menu Full Pages: configuration menu for front/rear images and pocketing setting

A4 paper sheet scanning result example

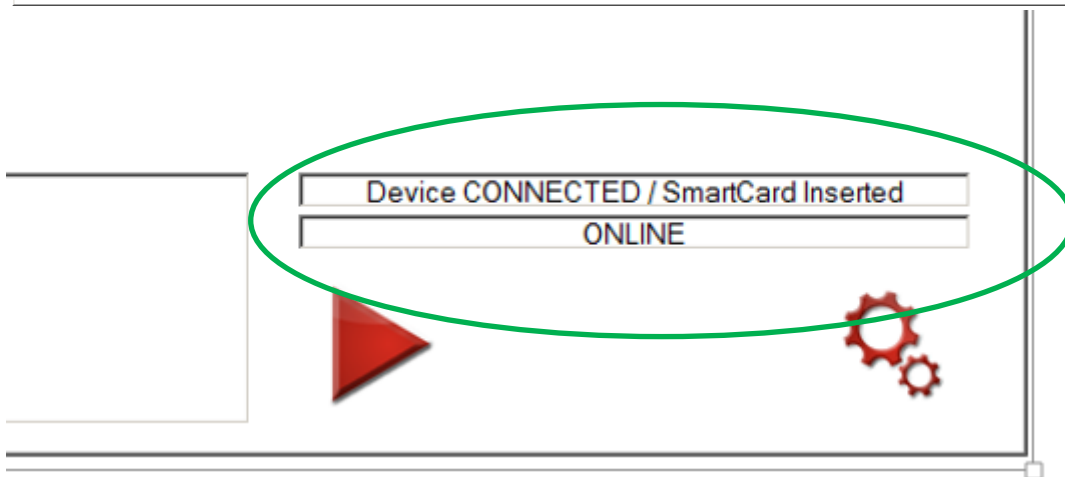

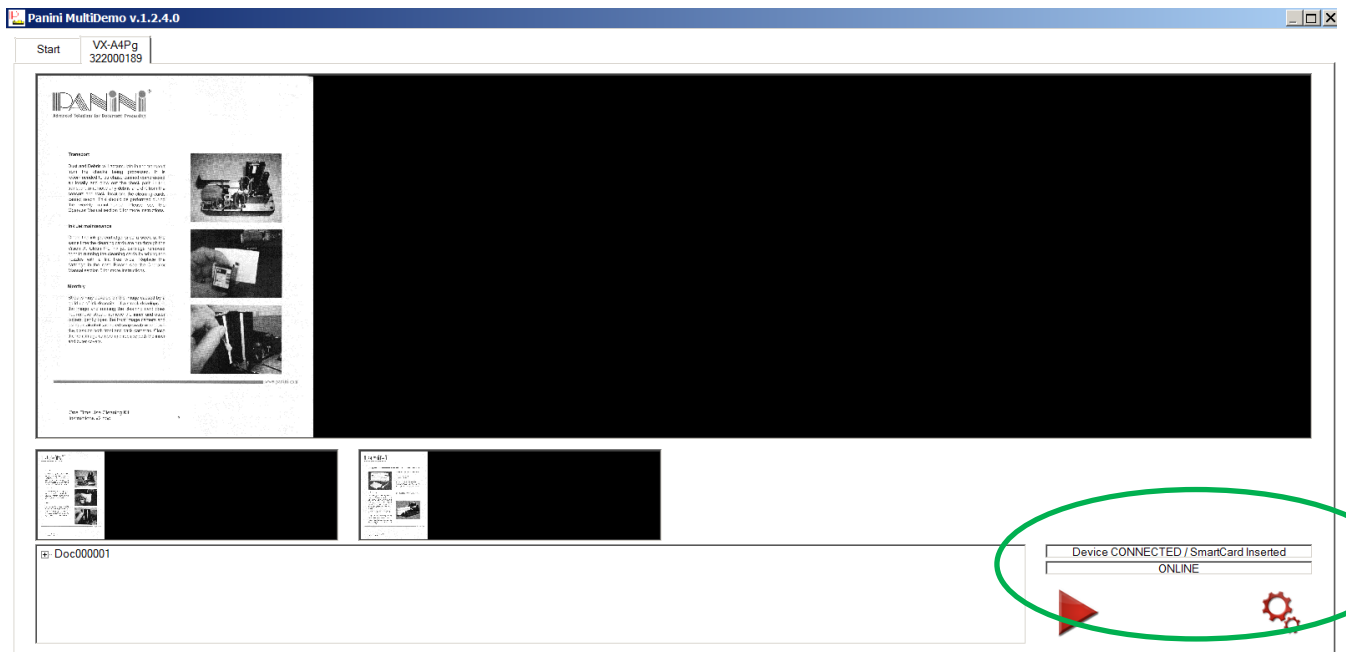

Images are saved in `C:\ProgramData\Panini\VX-A4Pg[SerialNumberofYourUnit]\Images`
Note: the images are deleted each time that MultiDemo is reopened

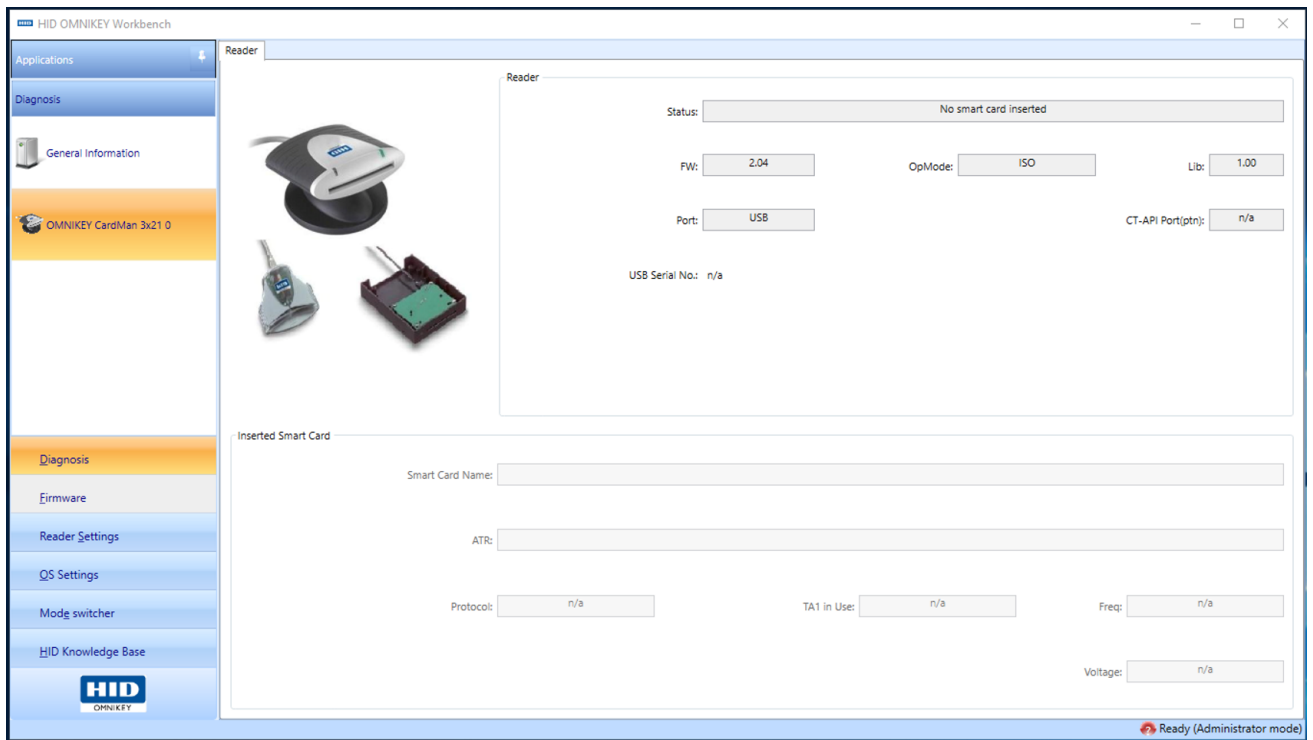

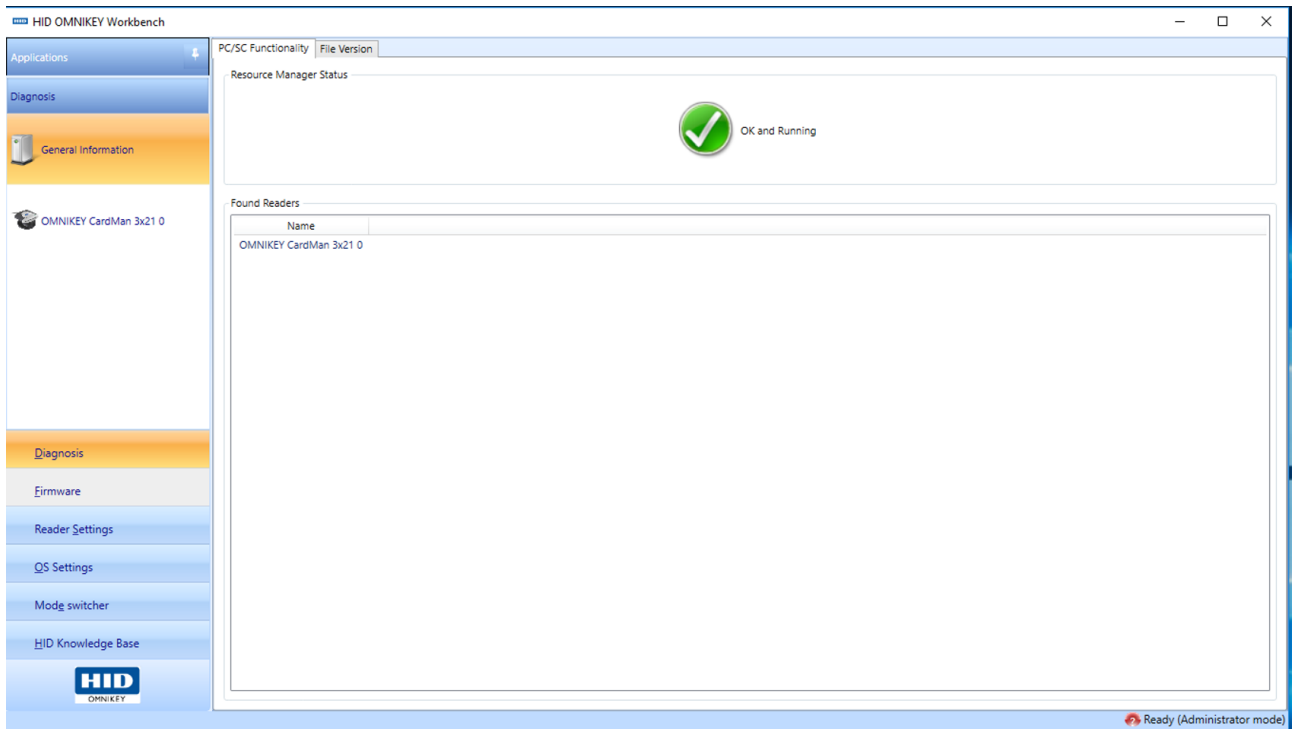

SMARTCARD:
SmartCard slot

MultiDemo shows if the SmartCard is Inserted or Not Inserted.
Information about the SmartCard reading are not available since this feature is not implemented in the MultiDemo application

To test the SmartCard, open the application **HID GLOBAL OMNIKEY WORKBENCH**
